AGRI & FOOD

Food hoses/Foodstuff transfert

Applications

Specially designed for transfer of fresh grapes in wine processing industries.

Advantages

- Easy to handle and extremely flexible hose, with outstanding bending radius.
- Smooth, seamless, white tube, that does not propagate bacterial growth.
- Resistant to cleaning with detergent or steam at temperatures up to 110 °C (during 10 minutes).
- Non marking cover.

Technical description

Inner tube: NR, white, smooth, food grade quality.

Reinforcement: synthetic textile with embedded steel helix.

Cover: NR, brick-red, fabric impression, corrugated.

Temperature range: - 30 °C to + 80 °C.

Standard/Approval:

CEE GUIDE for foodstuffs contact.

Directives of the American legislation (FDA).

Couplings/Fittings

Specially designed fittings are available, please contact us for further information in order to get optimum connections.
